We have friendly, spritely Christmas Elves to bring the magic of Christmas to your event.

Hire a Real Elf on their own or as part of Santa's Entourage to mix, mingle and jingle with adults and children.

They can entertain, assist with queues, gifts or photos, act as a confidence booster for kids a bit frightened of Santa, or basically anything you require (within reason).

Our Elves are often professional Actresses, Dancers or Models. They all love working with kids and all, of course, have their WWC.

For more information about our Elves please visit www.therealsanta.com.au/services/the-real-elf/

Professional Services

The Real Photographer Elf

Our wonderful photographer Elves know how to work the crowd and spread smiles wherever they go.

They are often trained performers too and will come in full Elf Costume and bubbly character.

They each provide and use professional photography equipment and will provide you with your edited photos on Email or USB after the event. You could collect email addresses (or one of our Elves could) and then you could distribute the images to your guests post-event, or you could upload them to your Social Media page and have the customers follow your page/s in order for them to view and retrieve them.

While we don't offer a photo printing service we are happy to work together with your chosen Photo Booth provider.
